

HAULED WASTE GENERATOR FORM

Legal Business Name:

Facility Name:

Section A: General Information

1. List all environmental permits, numbers type and issuing authority (use an additional sheet if necessary)

- Local Sewer Utility _____
- NPDES _____
- RCRA _____
- Air Permit _____
- Other _____

2. List all environmental violations within the last 5 years including violation type, authority, media, date and penalty (use an additional sheet if necessary)

3. What sewer utility provides service to your facility?

4. Sewer Utility Street Address City State Zip

5. Name and Title of Sewer Utility Contact: E-mail Address Telephone

6. List all waste streams across top of chart to be discharged at the MSD (attach additional sheets if necessary):

Waste Stream Name:			
Categorical?	<input type="checkbox"/> Y <input type="checkbox"/> N	<input type="checkbox"/> Y <input type="checkbox"/> N	<input type="checkbox"/> Y <input type="checkbox"/> N
Process/source			
Current disposal location(s)			
Discharge rate (gallons/month)			
SIC Code			
Discharge start date			

7. The Permittee shall characterize by laboratory analysis each waste stream to be discharged at the MSD for compliance with the limits set forth in MSD Rules and Regulations, Table 1502.4. Grab samples must be collected from each waste stream and analyzed for the substances in the Table of Required Analyses below. Attach all laboratory analytical data to this application form.

Table of Required Analyses

SUBSTANCE	UNITS
Oil & Grease (NonBiological)	mg/L
Cadmium	mg/L
Chromium	mg/L
Copper	mg/L
Lead	mg/L
Mercury	mg/L
Nickel	mg/L
Zinc	mg/L
Silver	mg/L
Cyanide (Total)	mg/L
Cyanide (Free)	mg/L
Total Suspended Solids	mg/L
BOD (5-day)	mg/L
Total Kjeldahl Nitrogen	mg/L
pH	S.U.

For all pollutants the Applicant shall use the applicable sampling and test procedures found in the most recent edition of the Code of Federal Regulations, Title 40, Part 136 (40 CFR 136).

8. Program guidelines

In certain situations, MSD may approve the discharge of compatible hauled wastewater from generators at designated discharge locations. The hauled wastewater shall not contain any prohibited substances, materials, waters, or wastes listed in Article XV of MSD's Rules and Regulations. MSD does not accept wastewater defined as a RCRA Hazardous Waste or from a process defined as categorical by Title 40 Code of Federal Regulations Part 403. MSD designates approved generators of wastewater hauled to MSD as Significant Industrial Users, since the wastewater has a reasonable potential to adversely affect the wastewater treatment plant operations. MSD reports information regarding Significant Industrial Users to the Ohio Environmental Protection Agency (Ohio EPA) at least annually. Generators must remit an annual permit fee. The term of the permit shall extend for a period of five years.

Generators are required to use MSD-permitted haulers for transporting wastewater to MSD's approved hauled waste discharge location at hours of operation specified by MSD. Each waste stream must be profiled prior to permit approval and periodic monitoring may be required at the waste hauler's expense.

Certification

Applicant agrees to comply with the terms and conditions of the Hauled Waste Generator Permit issued to the approved applicant by MSD. By general permit, *MSD Rules and Regulations* authorize the discharge of sanitary wastes originating in the District Service Area. All other wastes require special approval by the Director. Generators must submit periodic self-monitoring reports to MSD. These self-monitoring reports certify that liquid wastes hauled to MSD for disposal do not contain prohibited substances, materials, waters, or wastes such as solid waste and must not contain RCRA Hazardous Waste. Furthermore, generators are also required to maintain a disposal log of all liquid wastes discharged to the MSD. Failure to furnish the required information or furnishing incomplete or inaccurate information may result in cancellation of the permit hereby applied for and/or enforcement action as permitted under Article XXII of *MSD Rules and Regulations*.

"I certify under penalty of law that this document and all attachments were prepared under my direction or supervision in accordance with a system designed to assure that qualified personnel properly gather and evaluate the information submitted. Based on my inquiry of person or persons who manage the system, or those persons directly responsible for gathering the information, the information submitted is, to the best of my knowledge and belief, true, accurate, and complete. I am aware that there are significant penalties for submitting false information, including the possibility of fines and imprisonment for knowing violations."
