TRAFFIC ALERT: Lick Run Greenway

*24/7 Construction Work at Grand Avenue in South Fairmount,
Grand Closed through Friday, Jan. 12*

*24/7 Construction Work on Westwood Avenue at Quebec Road in South Fairmount,
Lane Restrictions Monday, Jan. 15 through Friday, Jan. 19*

CINCINNATI – Construction of the nationally recognized Lick Run Greenway project in South Fairmount began in early July 2017 and will continue through fall 2019. The \$89.9 million Greenway includes a mile-long bioengineered creek in a park-like setting through the valley corridor.

This project will impact traffic in South Fairmount throughout the course of construction, including full road closures and lane restrictions. All work is weather and schedule dependent. The latest traffic pattern changes are outlined below:

Traffic Pattern Change – Closure of Grand & Lane Restrictions on Queen City/Westwood

Construction work will occur around the clock on Grand Avenue and on Queen City and Westwood avenues at Grand Avenue through Friday, Jan. 12, pending weather and site conditions.

Grand Avenue will be closed to traffic between Queen City and Westwood avenues, and there will be lane restrictions on Queen City and Westwood avenues at Grand Avenue.

Greater Cincinnati Water Works (GCWW) is connecting a new segment of water main to existing water mains in this area. This work needs to be done continuously to complete the job as quickly as possible and to reduce stress on the rest of the system.

The traffic pattern will return to normal upon completion of this work. Drivers are encouraged to use caution when approaching the traffic pattern change and are reminded to use alternate routes around the area if possible.

Traffic Pattern Change – Lane restrictions on Westwood Avenue at Quebec Road

Construction work will occur around the clock on Westwood Avenue at Quebec Road beginning at 9 a.m. Monday, Jan. 15 and continuing through Friday, Jan. 19, pending weather and site conditions.

There will be lane restrictions on Westwood Avenue at Quebec.

Greater Cincinnati Water Works (GCWW) is connecting a new segment of water main to existing water mains in this area. This work needs to be done continuously to complete the job as quickly as possible and to reduce stress on the rest of the system.

The traffic pattern will return to normal upon completion of this work. Drivers are encouraged to use caution when approaching the traffic pattern change and are reminded to use alternate routes around the area if possible.

NOTE: These traffic pattern changes are in addition to all current changes, including:

- Closure of southbound State Avenue between Beekman Street and Cincinnati Fire Station 21, and northbound State Avenue between Harrison Avenue and Beekman Street reduced to one lane through spring 2018.
- Closure of northbound Harrison Avenue between Westwood and Queen City avenues through early 2018.
- Closure of Van Hart Street between Westwood and Queen City avenues through early 2018.
- Closure of Kebler Street between Westwood and Queen City avenues through late 2017.
- Various temporary lane restrictions in the project area for the relocation of utilities and/or construction of new sewer segments.
