Notice of Construction – Miami Township *Sewer Construction Project Early March – Fall 2019*

CINCINNATI – The Metropolitan Sewer District of Greater Cincinnati (MSD) will begin sewer construction in early March near the Crossroads Community Church in the 8500 block of Bridgetown Road. The project is scheduled to be completed by fall 2019, pending weather and field conditions.

Please see the attached project map.

MSD is installing new sewers to provide sewer service to 32 properties and allow for the elimination of private household sewage treatment systems. The sewers will be constructed primarily in the private yards of properties along Bridgetown Road and Brennen Pass.

There will be minor impacts to traffic when the sewer crosses the entrance drive to the Crossroads church and Bremen Pass near Biltmore Lane. Access to traffic and properties will be maintained at all times, but delays could be possible.

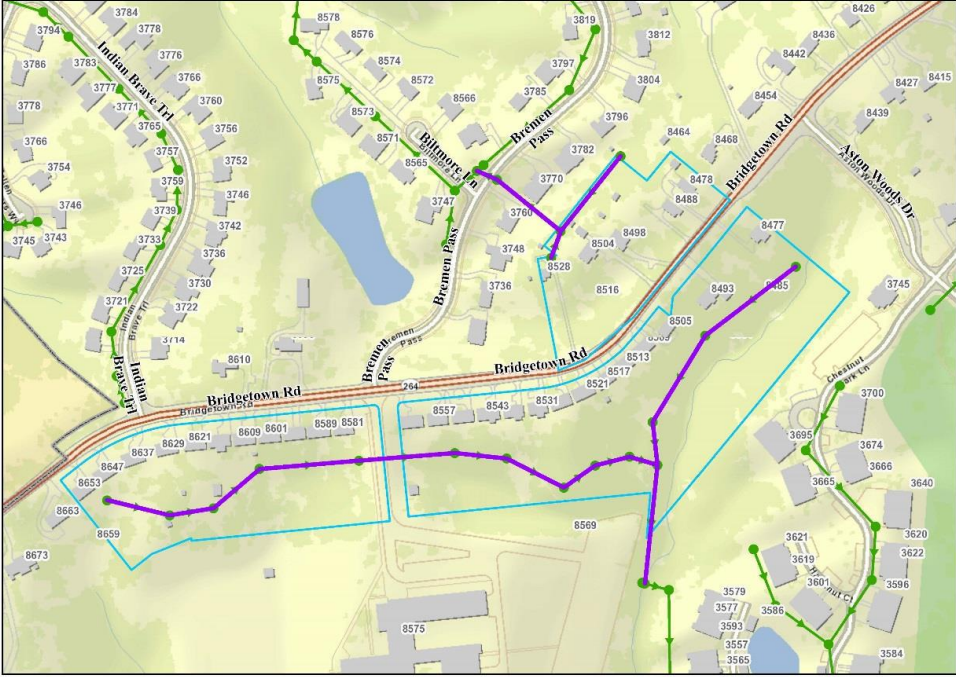

Construction activities will occur generally between 7:00 a.m. and 5:30 p.m. Monday through Friday. MSD's contractor is Queen City Mechanical. Typical construction-related disturbances such as noise, dirt and vibrations should be expected throughout the construction period.

For additional information, please contact MSD Engineering Customer Service at (513) 557-3594 or MSD.Communications@cincinnati-oh.gov.
