## Traffic Alert Update – Northside

Virginia Avenue to Remain Closed to Thru Traffic through Early Spring 2019

CINCINNATI – Virginia Avenue between Bruce and Kirby avenues in Northside will remain closed to thru traffic through early spring 2019, weather permitting, for sewer-related work.

Access to homes along Virginia will be maintained, but delays could be possible at times.

The Metropolitan Sewer District of Greater Cincinnati (MSD) and its contractor, Howell Contractors, Inc., are installing a 36-inch-diameter stormwater outlet sewer along Virginia Avenue from just south of Bruce Avenue to Kirby Avenue. Following the completion of work along Virginia, construction of the storm sewer will continue along Kirby Avenue between Virginia and Mehmert avenues with lane closures through spring 2019.

*Please see the attached project map.*

This effort — part of the West Fork Project ([www.projectgroundwork.org/westfork](http://www.projectgroundwork.org/westfork)) — will help reduce combined sewer overflows (CSOs) into the West Fork Creek, a tributary of the Mill Creek.

For additional information about the project, please contact MSD Engineering Customer Service at (513) 557-3594 or [MSD.Communications@cincinnati-oh.gov](mailto:MSD.Communications@cincinnati-oh.gov) or visit [www.projectgroundwork.org/westfork](http://www.projectgroundwork.org/westfork).
