## **Traffic Alert Update – East Walnut Hills** *Closure of Cypress Street Starting December 10*

CINCINNATI – Cypress Street between Ashland Avenue and Upland Place in East Walnut Hills will be closed daily starting December 10 for sewer work. The closure will be in place for about two weeks, pending weather and field conditions.

Access to residences off Cypress Street in the construction zone will be available via pedestrian sidewalks for this approximately two-week period. Vehicular parking may be available on adjacent side streets. Please plan accordingly.

The Metropolitan Sewer District of Greater Cincinnati (MSD) and its contractor, Smith & Brown Contractors, Inc., will be replacing a 15-inch-diameter deteriorated sewer.

Please see the attached map.

In addition to traffic inconveniences, typical construction-related disturbances such as noise, dirt and vibrations should be expected throughout the construction period.

This project is part of Project Groundwork, MSD's multi-year plan to reduce sewer overflows into streams and rivers in Hamilton County. Project Groundwork will improve the quality of our lives through cleaner streams, improved protection of public health, and enhancement of the communities where we live, work, and play.

For additional information about the project, please contact MSD Engineering Customer Service at (513) 557-3594 or [MSD.Communications@cincinnati-oh.gov](mailto:MSD.Communications@cincinnati-oh.gov).
