TRAFFIC ALERT

Guerley Road To Close September 6 in West Price Hill

CINCINNATI – Guerley Road, between the West Pointe Townhomes and Dunham Way in West Price Hill, will close Tuesday, September 6, 2016 for several months as part of an ongoing construction project.

The Metropolitan Sewer District of Greater Cincinnati (MSD) is installing new storm sewers along Guerley Road, Sunset Avenue and adjacent areas through spring 2017 as part of the Lick Run Project. The storm sewers along Guerley will be connected to the existing stormwater detention dam in the 4400 block.

Access to Guerley Road from Glenway Avenue to the West Pointe Townhomes at 4410 Guerley Road, and from Sunset Avenue to the Dunham Recreation Center at 4356 Dunham Lane will be maintained, but the portion of Guerley Road between those areas will be permanently closed and inaccessible to any traffic for two to three months.

Traffic should detour to and from Glenway Avenue using Rapid Run Pike.

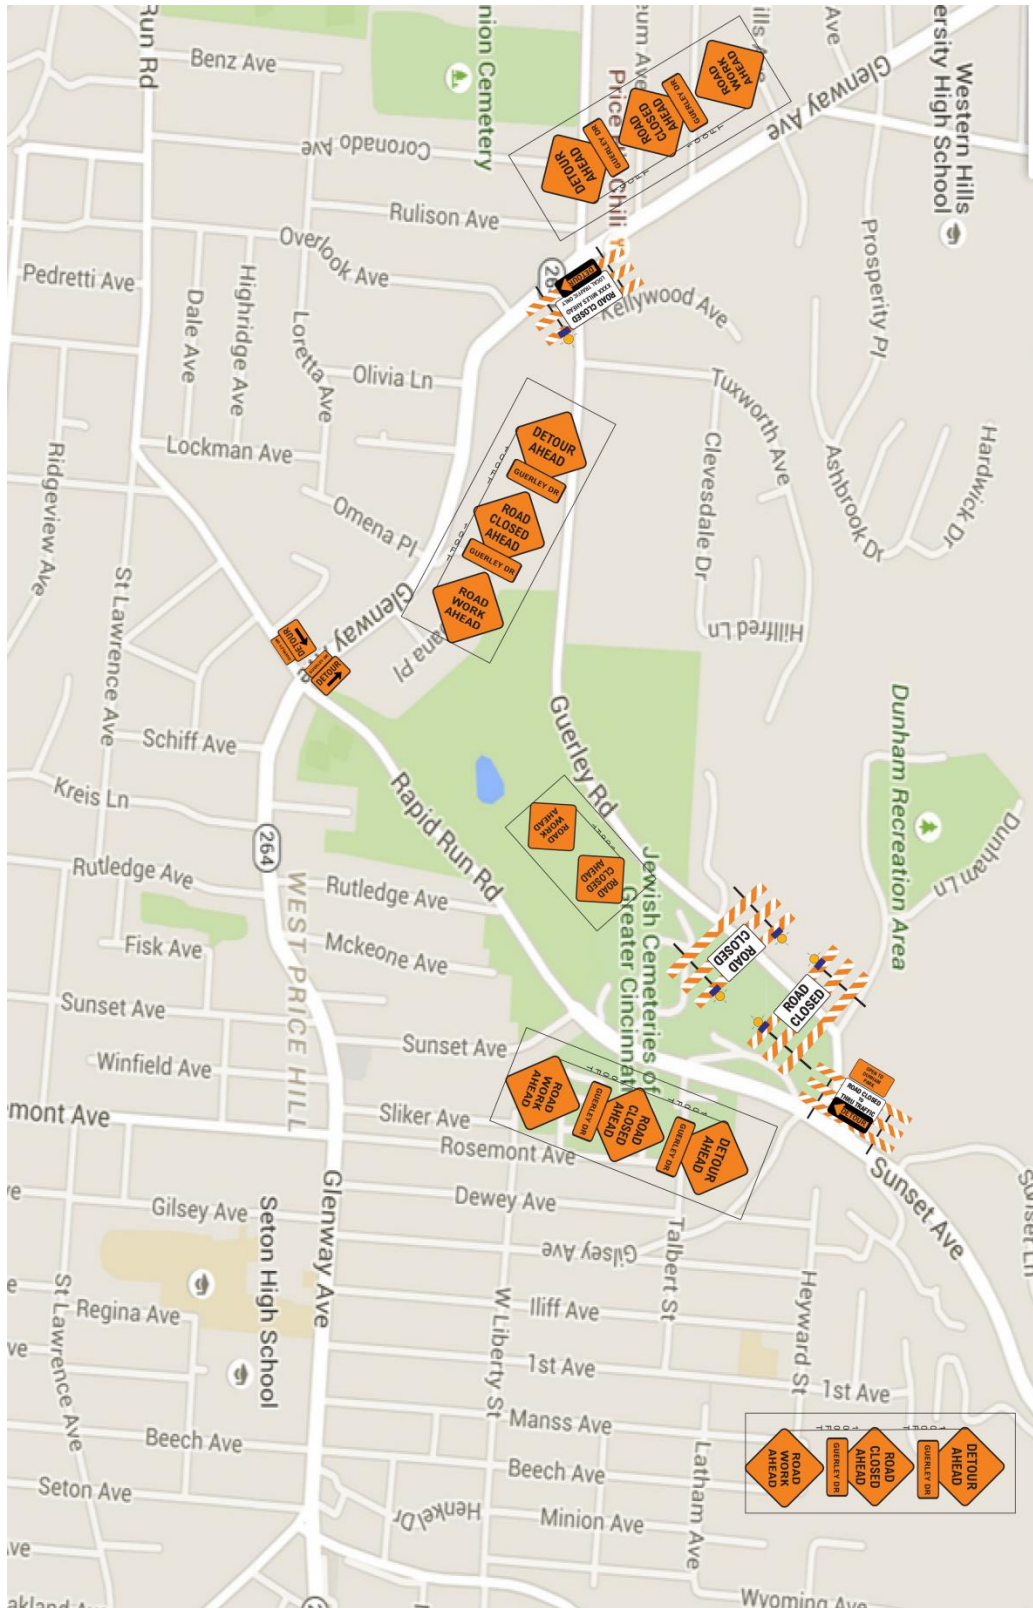

Construction of new storm sewers will also occur along Guerley Road between Dunham Way and Sunset Avenue. A portion of the southbound lane will be closed, and the remaining lanes converted to two-way traffic (one lane in each direction) or maintained through the use of a flagger with alternating traffic at times.

Once the construction is completed, restoration of the roadways will occur.

For more information, please visit the Lick Run website at www.projectgroundwork.org/lickrun.
