Traffic Alert – Anderson Township
Markley Road closed to thru traffic between Beechmont Avenue and Woodcroft Drive for one week beginning Monday, November 30

CINCINNATI – Markley Road in Anderson Township will be closed to thru traffic between Beechmont Avenue and Woodcroft Drive from 7:30 a.m. to 4:30 p.m. weekdays beginning Monday, November 30 for about one week, pending weather and field conditions. The road will reopen to thru traffic at 4:30 p.m. and all day on the weekend.

The detour for thru traffic is via Beechmont/Five Mile Road and Woodcroft Drive/Five Mile Road. Access to local traffic will be maintained, but delays should be expected.

See enclosed map for details.

The Metropolitan Sewer District of Greater Cincinnati (MSD) and its contractor, Smith and Brown Contractors, are installing sanitary sewers to connect six properties to the public sewer system. The project is expected to be completed in late spring 2021.

In addition to the road closure, periodic lane restrictions on Markley Road between Woodcroft and Lakehill drives will occur for the duration of the project. A flagger will be used to control traffic.

In addition to traffic inconveniences, typical construction-related disturbances such as noise, dirt and vibrations should be expected throughout the construction period.

For additional information about the MSD project, please contact MSD Engineering Customer Service at (513) 557-3594 or MSD_Communications@cincinnati-oh.gov.
