MSD Notice of Construction

Old Blue Rock Road Local Sewer Project

CINCINNATI – The Metropolitan Sewer District of Greater Cincinnati (MSD) will begin installing sanitary sewers in Colerain Township. Construction work is anticipated to start the week of January 8th with final completion late April 2018 weather permitting.

MSD will be installing 1,030 linear feet of 8-inch diameter sewer, seven sewer laterals and other sewer appurtenances to provide for elimination of seven household sewage treatment systems between 5240-5327 Old Blue Rock Road. *See attached project map.*

Construction will occur generally between 7:00 a.m. and 5:00 p.m. Monday through Friday. Some weekend work may be needed. MSD's construction contractor is Rack & Ballauer Excavating Company.

In addition to traffic inconveniences, typical construction-related disturbances such as noise, dirt and vibrations should be expected throughout the construction period.

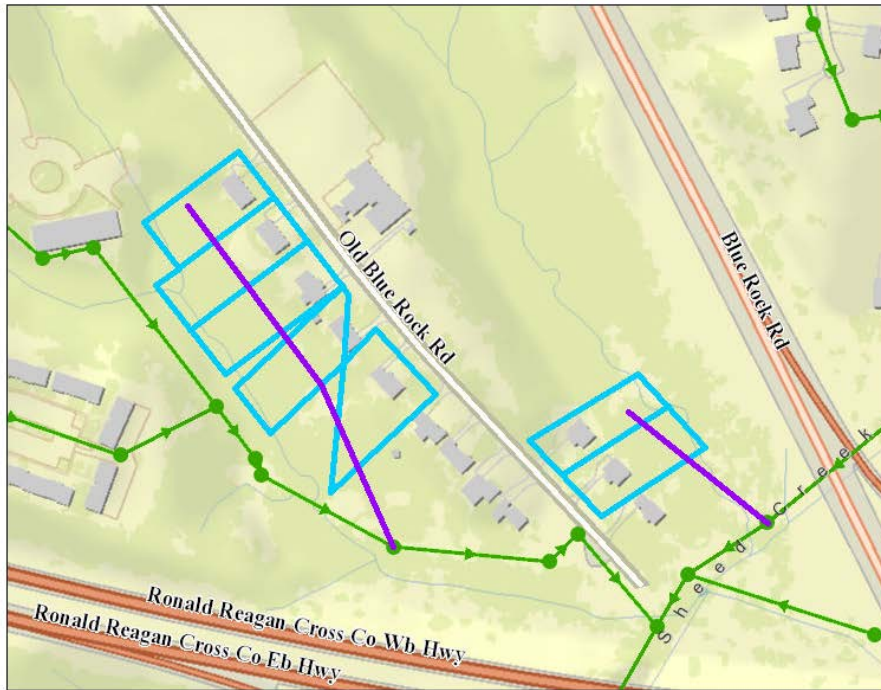

This project is part of Project Groundwork, MSD's multi-year plan to reduce sewer overflows into streams and rivers in Hamilton County. Project Groundwork will protect public health, improve our local streams and rivers and enhance our communities.

For additional information about the project, please contact MSD Engineering Customer Service at (513) 557-3594 or MSD.Communications@cincinnati-oh.gov.
