## Notice of Construction – Anderson Township

*Prospect Woods Pump Station Improvements May – December 2019*

CINCINNATI – The Metropolitan Sewer District of Greater Cincinnati (MSD) will begin construction Monday, May 20 on improvements to the Prospect Woods Pump Station on Hawkstone Drive near Salem Road. The project is scheduled to be completed by December 2019, pending weather and field conditions.

*Please see the attached project map.*

MSD is constructing a new submersible pump station, force main, and gravity inflow sewer. The existing pump station and force main will be demolished.

Traffic will be maintained at all times on Hawkstone, but delays are possible.

Construction activities will occur generally between 7:00 a.m. and 5:00 p.m. Monday through Friday. MSD's contractor is Sunesis Construction. In addition to traffic inconveniences, typical construction-related disturbances such as noise, dirt and vibrations should be expected throughout the construction period.

This project is part of Project Groundwork, MSD's multi-year plan to reduce sewer overflows into streams and rivers in Hamilton County. Project Groundwork will improve the quality of our lives through cleaner streams, improved protection of public health, and enhancement of the communities where we live, work, and play.

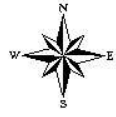

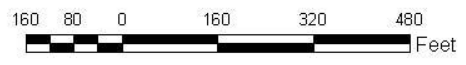

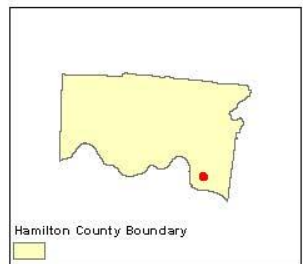

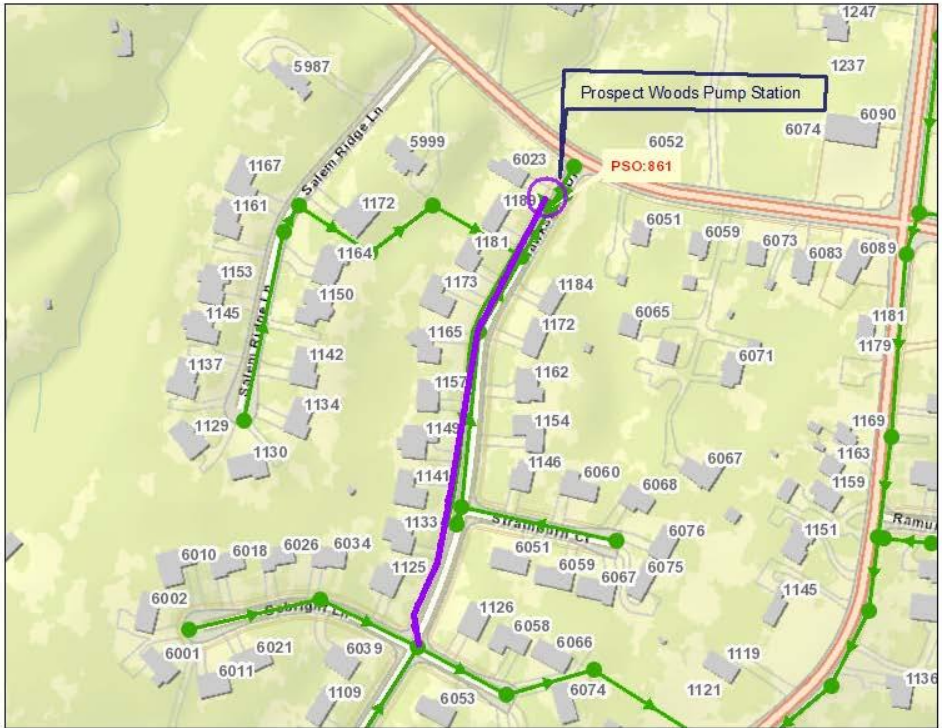

For additional information about the MSD project, please contact MSD Engineering Customer Service at (513) 557-3594 or [MSD.Communications@cincinnati-oh.gov](mailto:MSD.Communications@cincinnati-oh.gov).
