TRAFFIC ALERT

Lane Closures on Queen City Avenue Jan. 24 thru late Spring

CINCINNATI – Lane closures will occur on Queen City Avenue in Westwood between Wyoming Avenue and E. Tower Drive beginning Tuesday, January 24 and continuing through late May/early June.

The Metropolitan Sewer District of Greater Cincinnati (MSD) is relocating water mains along Queen City Avenue to make room for a storm sewer construction project that is part of the Lick Run Project.

Queen City Avenue will be down to one lane in each direction in the eastbound lanes between Wyoming Avenue and Ridgetop Way for the duration of the project. There will be additional lane closures in February and March between Ridgetop Way and Erlene Drive and in April and May between E. Tower Drive and Lafeuille Avenue.

Local and emergency traffic will be maintained, but delays are possible. To avoid congestion, motorists are encouraged to seek alternate routes such as Harrison or Glenway avenues.

MSD is anticipated to begin constructing storm sewers along Queen City Avenue in fall 2017 from Sunset Avenue to the apartment complex off E. Tower Drive, with anticipated completion by fall 2019.

About the Lick Run Project

The Lick Run Project is part of Project Groundwork, MSD's multi-year plan to reduce sewer overflows into streams and rivers in Hamilton County. Project Groundwork will protect public health, improve our local streams and rivers, and enhance our communities.

For additional information about the project, including traffic updates, please contact MSD Engineering Customer Service at (513) 557-3594 or MSD.Communications@cincinnati-oh.gov or visit the Lick Run Project website at www.projectgroundwork.org/lickrun.
