MSD Notice of Construction

Sewer Project Starting in Kennedy Heights to Reduce Sanitary Sewer Overflows (SSOs)

CINCINNATI – The Metropolitan Sewer District of Greater Cincinnati (MSD) will begin installing relief sewers in Kennedy Heights to help eliminate sanitary sewer overflows from SSO 228 into Mill Creek. Construction is expected to start the week of May 14 and be completed by the end of February 2019, weather permitting.

Please see the attached project map for details.

About 2,985 linear feet of 18-inch-diameter relief sewer will be constructed. Additionally, about 808 linear feet of sewer and other sewer appurtenances will be replaced.

MSD's construction contractor is Ford Development Company. Construction activity will occur generally between 7:00 a.m. and 5:30 p.m. Monday through Friday. Some weekend work may be needed.

Work is expected to start behind the homes along Beechview Circle and progress along Beechview Circle heading north toward Montgomery Road. Traffic updates will be provided in advance of road closures and/or lane restrictions. Information will also be shared on social media.

In addition to traffic inconveniences, typical construction-related disturbances such as noise, dirt and vibrations should be expected throughout the construction period.

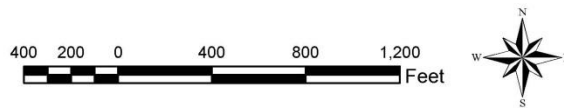

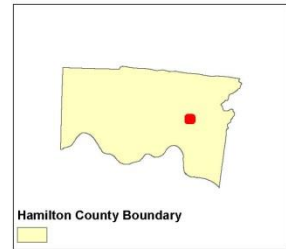

This project is part of Project Groundwork, MSD's multi-year plan to reduce sewer overflows into streams and rivers in Hamilton County. Project Groundwork will improve the quality of our lives through cleaner streams, improved protection of public health, and enhancement of the communities where we live, work, and play.

For additional information about the project, please contact MSD Engineering Customer Service at (513) 557-3594 or MSD.Communications@cincinnati-oh.gov.
