MSD Notice of Construction

Springdale Road Sewer Lateral Assessment Project

CINCINNATI – The Metropolitan Sewer District of Greater Cincinnati (MSD) will construct a 6-inch sanitary sewer lateral at 4081 Springdale Rd. in Colerain Township. Construction work will begin Dec. 11, 2017 with final completion the first quarter of 2018, weather permitting.

Please see the attached project map.

MSD's construction contractor is Rack & Ballauer Excavating Company. We anticipate construction activity will occur generally between 7:00 a.m. and 5:30 p.m. Monday through Friday. Some weekend work may be needed.

In addition to traffic inconveniences, typical construction-related disturbances such as noise, dirt and vibrations should be expected throughout the construction period.

This project is part of Project Groundwork, MSD's multi-year plan to reduce sewer overflows into streams and rivers in Hamilton County. Project Groundwork will protect public health, improve our local streams and rivers and enhance our communities.

For additional information about the project, please contact MSD Engineering Customer Service at (513) 557-3594 or MSD.Communications@cincinnati-oh.gov.
