MSD Notice of Construction *Sharon Industrial Park Pump Station Replacement*

Cincinnati, OH - The Metropolitan Sewer District will replace the existing pump station and approximately 1,500 linear feet of 6-inch diameter force main located near the intersection of Kemper Road and Rockfield Court and South on Rockfield Court in Sharonville.

We anticipate construction activity will begin the week of July 27, 2015 and be completed by January 2016. MSD's contractor, Ford Development Inc. will generally be working between 7 a.m. and 5:30 p.m. Monday through Friday depending on weather and the contractor's schedule. Some weekend work may be needed.

The project was initiated due to the need for repairing and replacing deteriorated existing assets.

Temporary delays will occur in the area. Access to businesses and all cross streets will be maintained but could be temporarily delayed at times.

The Sharon Industrial Park Pump Station Replacement Project will improve the quality of our lives through cleaner streams, improved protection of public health, and enhancement of the communities where we live, work, and play.

For additional information about the project, please contact MSD Engineering Customer Service at (513) 557-3594 or MSD.Communications@cincinnati-oh.gov.
