### **Traffic Alert for West Price Hill**

*Flaggers to direct traffic on Overlook Avenue, Rulison Avenue, and Olivia Lane beginning in mid-June through the end of June*

CINCINNATI – The Metropolitan Sewer District of Greater Cincinnati (MSD) will begin lining sewers along Overlook Avenue and adjacent streets in West Price Hill in mid-June. The project is scheduled to be completed by the end of June, pending weather and field conditions.

*Please see the attached project map.*

During construction, flaggers will direct traffic on Overlook Avenue, Rulison Avenue, and Olivia Lane between Loretta and Glenway avenues.

MSD's contractor, Insituform Technologies, LLC, will be working from 7:00 a.m. to 5:00 p.m. on weekdays. Some weekend work may be needed. Insituform will rehabilitate about 1,500 feet of deteriorating sewer pipe with a cured-in-place pipe (CIPP) liner.

Typical construction-related disturbances such as noise, dirt, and vibrations should be expected during this project. The lining process can also create plastic-like odors. If a planned interruption of utility service is necessary, you will receive notification prior to the interruption.

For additional information about the MSD project, please contact MSD Customer Service at (513) 244-1300 (option 5) or [MSD.Communications@cincinnati-oh.gov](mailto:MSD.Communications@cincinnati-oh.gov).
