Notice of Construction and Traffic Alert for Downtown Cincinnati (Pendleton Area)

Traffic Impacts on Reading Road

CINCINNATI – Traffic impacts will occur along Reading Road in the Pendleton area of downtown Cincinnati starting the week of October 21 as the Metropolitan Sewer District of Greater Cincinnati (MSD) constructs new sewers and rehabilitates existing sewers in the area. The work is expected to be completed by summer 2025, pending weather and field conditions.

The short strip of Reading Road between Broadway and Spring streets will be periodically closed between 9:00 a.m. and 4:00 p.m. Monday through Friday as needed. Access will be maintained for local traffic.

As work progresses, Reading Road between Spring and Pendleton streets and between 12th Street and Elsinore Place will be reduced to one lane in each direction.

MSD is installing new sewers along Reading Road and side streets and also rehabilitating existing sewers using a cured-in-place pipe (CIPP) lining process.

Please see the attached project map.

MSD's contractor is Ford Development Company.

For additional information about the MSD project, please contact MSD Customer Service at (513) 244-1300 (option 5) or MSD.Communications@cincinnati-oh.gov.
